

Company Name	Company Focus	Description	Address	Phone	Website
(C) Management, Inc.	Professional Services	Provides management services for associations, foundations, and non-profits in the healthcare field.	11600 Nebel Street, Suite 201	(301) 984-1242	www.c-managementinc.com
20/20 GeneSystems Inc.	R&D Services	Develops and commercializes innovative, proprietary diagnostic tests that aid in the fight against cancer	9430 Key West Avenue	(240) 453-6339	www.2020gene.com
5AM Solutions	Health IT	A software company that develops products and services, including websites, mobile apps, analytic tools, and more to support the life science industry.	1700 Rockville Pike, Suite 270	(866) 526-6042	www.5amsolutions.com
ABL, Inc.	Contract Manufacturing and Research Organization	A leading contract research and manufacturing organization that partners with its clients to advance their vaccine and therapeutic development programs. The company offer proof-of-concept in vivo studies with preclinical immunomonitoring and efficacy and potency testing.	9800 Medical Center Drive, Building D	(301) 881-5600	www.ablinc.com
Accelovance	Contract Research Organization	A fully integrated clinical research organization encompassing a wide array of service offerings. They specialize in preventative/therapeutic vaccines, oncology, and women's health.	2275 Research Boulevard, Suite 700	(240) 238-4900	www.accelovance.com
Adlyfe, Inc.	Diagnostic Instrumentation	A biotechnology company which develops innovative diagnostic products for neurodegenerative diseases.	9430 Key West Avenue, Suite 219	(703) 868-3050	www.adlyfe.com
Advanced Biomimetic Sensors, Inc.	Medical Technology	Develops and commercializes innovative reagentless diagnostic medical devices. These devices can be both hand-held and implantable for continuing monitoring. ABS intends to develop prototype devices to provide the market with a new generation of more accurate, sensitive, less expensive and pain-free medical devices.	111400 Rockville Pike, Suite 400	(301) 528-2273	www.abs-isensors.com
Aeras	Therapeutics and Diagnostics	A non-profit product development organization dedicated to the development of effective tuberculosis (TB) vaccines and biologics to prevent TB across all age groups in an affordable and sustainable manner.	1405 Research Court	(301) 547-2900	www.aeras.org
AIC Biotech	R&D Services	Produces monoclonal and polyclonal antibody production and opsonophagocytic assays.	9430 Key West Avenue	(301) 792-8055	www.aicbiotech.com
America Pharma Source	Contract Research Organization & Biopharm	Contract research organization, as well as biopharmaceutical developer and manufacturer with a focus from basic bio research to preclinical studies and also provides clinical development and services in Asia.	13757-A Travilah Road	(301) 251-6398	www.apharmas.com
American Gene Technologies International Inc.	Therapeutics and Diagnostics	Develops lentivirus therapies for the treatment of cancer and other chronic human diseases. The company offers therapies for prostate cancer, liver cancer, pancreatic cancer, HIV/AIDS, hepatitis C virus, Type 1 diabetes, familial dysautonomia, and the Parkinson's disease.	15010 Broschart Road, Suite 110	(301) 337-2100	www.americangenetechologies.com
American Red Cross Holland Lab for the Biomedical Sciences	Nonprofit	Supports the Red Cross' national R&D program which has made significant contributions to blood safety, biomedical science, and much more.	15601 Crabbs Branch Way	(301) 738-0600	www.redcrossblood.org
American Society for Biochemistry and Molecular Biology	Nonprofit	A nonprofit scientific and educational organization with over 12,000 members.	11200 Rockville Pike, Suite 302	(240) 283-6600	www.asbmb.org
AnalytiCon Discovery	R&D Services	Provides research and development of products made from natural materials.	9601 Medical Center Drive	(240) 406-1256	www.ac-discovery.com
Angimmune LLC	Therapeutics and Diagnostics	Developer of an immune modulating high potency fusion protein anticancer immunotoxin Resimmune®, A-dmDT390-bisFv(UCHT1), and an Anti-PSMA immunotoxin targeting the neo-vasculature of human solid tumors.	15601 Crabbs Branch Way		www.angimmune.com

**Biotech, Medical Technology, and Health IT Companies in Rockville, MD
December 2015**

Company Name	Company Focus	Description	Address	Phone	Website
Aparna Biosciences Corporation	Therapeutics and Diagnostics	Develop biomedical nanoparticle technology and products for research and treatment of human disease. The company is developing NanoElectroPlex™, a proprietary tissue selective nanoparticle platform technology based on biodegradable macromolecular carriers.	12111 Parklawn Drive, Suite 123	(301) 770-2101	www.aparnabio.com
APC Biomaterials LLC	R&D Services	Offers products and services to the biomedical research community, focusing on providing the tools to pursue research on secretoglobins, secretoglobin biology, and related physiological pathways.	9700 Great Seneca Highway, Suite 180	(301) 315-5858	www.apcbiomaterials.com
Ariadne Diagnostics, LLC	Therapeutics and Diagnostics	A diagnostic discovery and development company that utilizes integrated bioinformatics tools to identify novel biomarker panels for the advancement of prognostic and predictive tests in areas of unmet medical need.	9430 Key West Avenue, Suite 115	(240) 345-1071	www.ariadne-dx.com
Arraystar	R&D Services	Microarray application company offering integrated services which help scientists and researchers in gene expression and gene transcription.	9430 Key West Avenue, Suite 128	(240) 314-0388	www.arraystar.com
Association for Entrepreneurial Science	Nonprofit	An incubator for startup scientific companies to bring scientists and basic research findings into the realm of commercial markets. The company's goal is to assist small life science firms in their initial phases of their research and commercial development.	12111 Parklawn Drive	(301) 881-3300	www.afbr-bri.com
Automated Control Concepts, Inc.	Manufacturer & Supplier	Provide a wide range of technologies, manufacturings and applications. This include process automations in the biotech, medical and pharmaceutical industries. They also manufacture medical devices and equipment.	155 Gibbs Street, Suite 425	(240) 821-9857	www.automated-control.com
BaiQuest International, LLC	Professional Services	A healthcare organization focused on educating the consumers in making wise decisions based on scientific research, objective data, and real-life evidence.	308 Currier Drive	(301) 200-2480	www.baiquest.com
Beghou Consulting	Professional Services	Dedicated to helping clients in the pharmaceutical and biotech industries by providing unparalleled sales and marketing support.	51 Monroe Street, Suite 501	(301) 795-0896	www.beghouconsulting.com
BeneVir Biopharm, Inc.	Therapeutics and Diagnostics	Developing an improved therapeutic platform based on oncolytic virotherapy for the treatment of a wide variety of cancers.	9610 Medical Center Drive, Suite 200	(301) 217-3831	www.benevirbiopharm.com
BioHealth Innovation	Nonprofit	A regional innovation intermediary that accelerates and facilitates technology transfer and commercialization of market-relevant research in federal labs, universities, and biohealth companies in the Region.	22 Baltimore Road	(301) 637-7950	www.biohealthinnovation.org
BioMarker Strategies, LLC	Therapeutics and Diagnostics	A tissue-based cancer company developing live tumor cell testing platform to improve treatment	15601 Crabbs Branch Way	(410) 522-1008	www.biomarkerstrategies.com
Biomedical Research Institute	Nonprofit	A nonprofit 501c3 company committed to improving global health through a variety of research and service activities	12111 Parklawn Drive	(301) 881-3300	www.afbr-bri.com
BioPlan Associates	Professional Services	Provides clients with market information and research services so they can make smarter, more aggressive business decisions.	2275 Research Boulevard Suite 500	(301) 921-5979	www.bioplanassociates.com
BIOQUAL, Inc.	R&D Services	A publicly traded, contract biomedical research laboratory. They provide quality research, development, consulting, and testing/assay services to commercial clients and Government laboratories.	9600 Medical Center Drive	(301) 251-2801	www.bioqual.com
Bio-Quick Corporation	Manufacturer & Supplier	Develops QC Dots H. Pylori control slides pre-spotted with normal and H. Pylori infected cells to serve as consistent quality controls for immunohistochemistry staining	12111 Parklawn Drive, Suite 106	(301) 625-8102	www.bio-quick.com

Company Name	Company Focus	Description	Address	Phone	Website
BioReliance Corporation	R&D Services	A provider of cost-effective contract services, offering more than 1,000 tests or services related to biologics safety, specialized toxicology and animal health services.	14920 Broschart Road	(301) 738-1000	www.bioreliance.com
BioSciCon, Inc.	R&D Services	Focused on development of the proprietary MarkPap® technology for cancer screening, selling new products and licensing the intellectual property via subsidiaries.	14905 Forest Landing Circle	(301) 610-9130	www.bioscicon.com
Bioscience International, Inc.	Manufacturer & Supplier	Develops environmental sampling products. The company's products are used in all areas of the public and private sectors including hospitals, medical device, and pharmaceutical companies.	11333 Woodglen Drive	(301) 231-7400	www.biosci-intl.com
BioSET, Inc.	Medical Technology	Develops synthetic peptide growth factor mimetics for advanced tissue repair	9430 Key West Avenue, Suite 220	(301) 795-6000	www.biosetinc.com
Biotechnology Information Institute	Nonprofit	Develops unique, high-end information resources and provides consulting serving critical needs of the biotechnology and pharmaceutical communities.	1700 Rockville Pike, Suite 400	(301) 424-0255	www.bioinfo.com
BioTraction Associates, LLC	Professional Services	Provides marketing and general management consulting services to life science companies worldwide.	842-B Rockville Pike, Suite 144	(301) 309-3537	www.biotractionassociates.com
BLH Technologies	Professional Services	Services including data & analytics research, safety monitoring, communications, and technology solutions.	1803 Research Boulevard, Suite 300	(240) 399-8722	www.blhtech.com
Blue Door Pharma	Supplier	Fully licensed pharmaceutical supplier and distributor who has been providing pharmaceuticals and scientific supplies to some of the leading biotech companies in the industry since the mid-90s.	15225 Shady Grove Road, Suite 101	(301) 800-5820	www.bluedoorpharma.com
Blue Torch Medical Technologies, Inc.	Medical Technology	Provides nerve sparing technology to support surgeons in patient outcome improvement. Their product CoverMap Surgical Aid is a diagnostic tool that identifies the nerves responsible for potency or vital bodily functions.	155 Gibbs Street, 4th Floor	(508) 231-1080	www.bluetorchmed.com
Brace Pharmaceuticals, Inc.	Professional Services	Investment company created by the largest Brazilian pharma company to commercialize safe and effective products in late stage of clinical development	155 Gibbs Street, Suite 506	(240) 403-7153	www.bracepharma.com
Brain Biosciences, Inc.	Medical Technology	Developing a compact, easy to operate molecular brain imaging device for diagnosis of Alzheimer's, Dementia, Parkinson's, and other neurological and psychiatric disorders.	155 Gibbs Street, Suite 520	(240) 426-6021	www.brain-bio.com
Braveman BioMed Consultants LLC	Professional Services	Development, peer review, and funding of biomedical and behavioral research.	1702 Wilmart Street, Suite 240B	301-984-2113	www.bbmcllc.net
Breezio	Professional Services	Startup that launched a cloud-based platform designed to help researchers more effectively collaborate on health projects.	30 West Gude Drive	(240) 903-0999	www.breezio.com
Caelum Research Corporation	Professional Services	A professional service firm providing Applied Sciences, Information Technology, and System Engineering services to government and private industry clients.	30 West Gude Drive, Suite 200	(301) 424-8205	www.caelum.com
Canon US Life Sciences, Inc.	R&D Services	Develops next generation solutions for clinical diagnostics. Their mission is to identify and commercially develop life sciences solutions with potential applications in diagnostics and medical instrumentation.	9800 Medical Center Drive	(301) 762-7070	www.culs.canon.com
Capitol Technology Information Services, Inc.	Professional Services	The company specializes in information outreach, communication and science services, information analysis, decision support and business intelligence services, and research information management services.	1 Research Court, Suite 200	(301) 948-3033	www.ctisinc.com

Company Name	Company Focus	Description	Address	Phone	Website
CASI Pharmaceuticals, Inc.	Therapeutics and Diagnostics	Acquires, develops, and commercializes innovative therapeutics addressing cancer and other unmet medical needs for the global market with a focus on China.	9640 Medical Center Drive	(240) 824-2600	www.casipharmaceuticals.com
Cato Research	Professional Services	A contract research organization (CRO) that provides integrated services to pharmaceutical, biotechnology, and medical device companies.	9605 Medical Center Drive, Suite 350	(301) 309-1260	www.cato.com
CBH Health, LLC	R&D Services	Provides options for life improvement through rehabilitative care and the development of state-of-the-art pharmacologic treatments through its clinical trials research	9210 Corporate Boulevard, Suite 110	(301) 251-4702	www.cbhhealth.com
CC Biotech, LLC	Manufacturer & Supplier	Develops compact versatile tools for purifying biotech and nanotech molecules	12111 Parklawn Drive	(240) 669-9281	www.ccbiotech.us
Cellectricon, Inc.	R&D Services	Provides drug discovery services and state-of-the-art cellular screening technologies to accelerate drug discovery and cell-based assay research.	9620 Medical Center Drive, Suite 310	(301) 926-9264	www.cellectricon.com
Cellex, Inc.	R&D Services	Develops innovative technologies that enable assays to be fast, accurate, sensitive, easy-to-use and inexpensive	1500 East Gude Drive	(301) 947-0202	www.cellex.us
Cellphire, Inc.	Medical Technology	Focused on developing stabilized cellular materials for advanced technologies in the therapeutic and diagnostic markets through its proprietary cutting edge cell stabilization technology.	9430 Key West Avenue	(240) 268-1411	www.cellphire.com
CERCA Solutions, LLC	Medical Technology	Devoted to diagnosing and treating cervical cancer through a technology called Photodynamic Therapy	9601 Medical Center Drive, Suite 105	(301) 917-6850	www.cercasolutions.com
Chiesi Pharmaceuticals, Inc.	Pharma	Develops and commercializes innovative pharmaceutical solutions to improve the quality of human life.	9605 Medical Center Drive, Suite 380	(301) 424-2661	www.chiesigroup.com
Chinese Biopharmaceutical Association	Nonprofit	An independent, non-political, not-for-profit professional organization. CBA's primary mission is to bridge biopharmaceutics between US and China through workshops, seminars, networking, and more.	111 Rockville Pike, Suite 800	-	www.cms.cba-usa.org
CosmosID, Inc.	R&D Services	Web-based service that rapidly and securely delivers accurate, actionable microbial detection solutions from NexGen DNA sequence data.	155 Gibbs Street, Suite 436	(703) 995-9879	www.cosmosid.com
Cygnus Corporation	Professional Services	Support critical research and knowledge sharing for government agencies and corporate clients.	5640 Nicholson Lane, Suite 227	(301) 231-7537	www.cygnusc.com
CytImmune Sciences	Therapeutics and Diagnostics	A clinical stage nanomedicine company with a core focus on the discovery, development and commercialization of multifunctional, tumor-targeted therapies.	15010 Broschart Road, Suite 270	(301) 825-3041	www.cytimmune.com
Data Unlimited International	Professional Services	Concentrated in forensic, healthcare and bioinformatics, they develop and market laboratory information management system, 21CFR11-aware computational infrastructure and SOP-driven networks.	15881-B Crabbs Branch Way	(240) 631-7933	www.duii.com
Diaxonhit, Inc.	Therapeutics and Diagnostics	Experts from discovery to commercialization of specialty in-vitro diagnostic products.	One Research Court, Suite 450	(240) 683-7070	www.exonhit.com
Dojindo Molecular Technologies, Inc.	R&D Services	Synthesis reagents to support the progress of scientific research. The company engages in the Organic synthesis of Analytical Reagents, Chromogenic, Fluorogenic and Chemiluminogenic Dyes, Organic Materials for Electronics, Intermediates of Drugs, etc.	30 West Gude Drive, Suite 260	(301) 987-2667	www.dojindo.com
DP Clinical, Inc.	Contract Research Organization	Serving pharmaceutical and biotechnology clients. The company provides clients with monitoring, data management, analysis, and biostatistics for Phase I – IV clinical trials.	9201 Corporate Boulevard, Suite 350	(301) 294-6226	www.dpclinical.com

**Biotech, Medical Technology, and Health IT Companies in Rockville, MD
December 2015**

Company Name	Company Focus	Description	Address	Phone	Website
DR First	Professional Services	Provides software solutions and services that provide real-time access to patient data, improve communication and collaboration at the point of care and across the patient's circle of caregivers, and enhance the doctor's clinical view of the patient to help drive better health outcomes.	9420 Key West Avenue, Suite 101	(888) 271-9898	www.drfirst.com
Early, Cassidy & Schilling, Inc.	Professional Services	Serves biotech companies with commercial insurance and employee benefit programs.	15200 Omega Drive	(301) 948-5800	www.ecsinsure.com
eClinForce, Inc.	Health IT	Develops software products and services for clinical researchers. The product includes SmartStudy™ which provides full-set functions required in a Clinical Trials Management Systems (CTMS), for both site study conductors and study management teams.	10110 Molecular Drive, Suite 214	(301) 315-2029	www.eclinforce.com
Equilibrium	Professional Services	Specializing in program management, construction management, general contracting, facilities operations, and energy efficiency audits.	9601 Medical Center Drive	(240) 643-9204	www.eqcon.com
ESAC (Enterprise Science and Computing)	Professional Services	Provides research data management, bioinformatics, and healthcare information technology solutions for government, commercial and academic clients.	11 North Washington Street, Suite 540	(855) 372-2462	www.esacinc.com
ETX Pharmaceuticals, Inc.	Pharma	Develops and commercializes late-stage products for major unmet gastrointestinal diseases.	9430 Key West Avenue, Suite 250	(240) 442-2761	www.etxpharma.com
Fina BioSolutions LLC	R&D Services	Provides technical solutions in the fields of protein purification, bioconjugation and vaccines.	9430 Key West Avenue, Suite 200	(301) 633-0464	www.finabio.com
Fisher BioServices	R&D Services	Provider of specialized biological sample and material management and cell therapy logistics services with an earned reputation for responsiveness to client needs and technical excellence.	14665 Rothgeb Drive	(301) 315-8460	www.fisherbioservices.com
FJB Engineering	Mechanical Engineering	A precision machine shop and mechanical engineering firm specializing in rapid prototyping and high-quality production	330-I North Stonestreet Avenue	(240) 994-1786	www.fjbengineering.com
FlexiSpine	Medical Technology	Novel technology for implantable CNS neurosurgery devices for motion restoration, stabilization & endoscopy.	212 North Adams Street	(301) 424-0141	www.flexispine.com
Fluke Networks, Inc.	Professional Services	Provides innovative solutions for the installation and certification, testing, monitoring and analysis of copper, fiber and wireless networks used by enterprises and telecommunications carriers.	2096 Gaither Road, Suite 120	(301) 296-2300	www.flukenetworks.com
Fuzbien Technology Institute	Medical Technology	Manufacture carbon nanotube field effect transistors (CNT-FET's) that can be easily integrated into current technologies used for testing biomedical samples.	9700 Great Seneca Highway	(240) 386-8040	www.fuzbien.com
GenArraytion, Inc.	R&D Services	Offering products and services for medical and veterinary diagnostics, epidemiology and source tracking, food and water testing, biodefense and environmental monitoring.	9610 Medical Center, Suite 230	(240) 453-9064	www.genarraytion.com
GeneCopeia, Inc.	Manufacturer & Supplier	Manufactures and provides genomics and proteomics products and services for academic and governmental research institutes along with the pharmaceutical and biotechnology industries.	9620 Medical Center Drive, Suite 101	(301) 762-0888	www.genecopeia.com
GenImmune Biotechnology LLC	Contract Research Organization	A CRO of biological reagents in virology research, their current services cover a broad spectrum of the virology field with focuses on the HIV and influenza viruses.	15601 Crabbs Branch Way, E128	(301) 861-4366	www.geneimmuneusa.com
GenProMarkers, Inc.	R&D Services	Engaging in researching, developing, manufacturing and marketing genomic, proteomic, metabolomic, pharmacologic, bioinformatic, systems-biologic, and healthy products and services.	9700 Great Seneca Highway, Suite 182	(301) 326-6523	www.genpromarkers.com

**Biotech, Medical Technology, and Health IT Companies in Rockville, MD
December 2015**

Company Name	Company Focus	Description	Address	Phone	Website
Get Real Health	Health IT	Specializing in patient engagement and connected care solution, their flagship product is an electronic toolbox for creating and configuring personal health applications.	51 Monroe Street, Suite 1501	(301) 309-0058	www.getrealhealth.com
GlaxoSmithKline (GSK)	Pharma	A leading research-based pharmaceutical and healthcare companies, committed to improving the quality of human life by enabling people to do more, feel better, and live longer.	9920 Belward Campus Drive	(301) 315-0770	www.us.gsk.com
Global Record Systems, LLC	Health IT	Dedicated to improving healthcare by bringing the benefits of digital technology to doctors, patients and healthcare organizations around the world.	2101 Gaither Road, Suite 450	(855) 477-3671	www.grs-emr.com
Global Research Services	Contract Research Organization	Provides services to pharmaceutical, biotechnology and medical device companies for the efficient clinical development of new compounds and devices with a specialty in cardiovascular, renal and metabolic therapeutic areas.	2101 Gaither Road, Suite 450	(301) 424-9700	www.grs-cro.com
GlycoMimetics, Inc.	Therapeutics and Diagnostics	Develops small molecule drugs targeting areas of unmet clinical needs with a focus on sickle cell, cancer, and other serious diseases.	9708 Medical Center Drive	(240) 243-1201	www.glycomimetics.com
GWU Biostatistics Center	Academic	Statistical coordinating center for large scale multicenter clinical trials and epidemiologic studies.	6110 Executive Boulevard, Suite 750	(301) 881-9260	www.bsc.gwu.edu
Hanall BioPharma	Pharma	Developing innovative products in the areas of protein therapeutics/antibodies, anticancer therapies targeting cancer metabolism, and dermatology.	9605 Medical Center Drive, Suite 290	(301) 738-3986	www.hanallbiopharma.com
HeMemics Biotechnologies	R&D Services	A product development and manufacturing company that provides in-vitro reagents and nanosensors to the health care and pharma industries.	12111 Parklawn Drive	(301) 560-0415	www.hehemics.com
Human Workflows, LLC	Professional Services	Provides consulting services to the pharmaceutical and biotech industries, specifically focusing on information integration across siloed sources.	1 Research Court, Suite 450	(240) 238-4312	www.humanworkflows.com
ICF International	Professional Services	Partners with government and commercial clients to deliver professional services and technology solutions.	530 Gaither Road, Suite 500	(301) 407-6500	www.icfi.com
Immunomic Therapeutics	Therapeutics and Diagnostics	Developing next generation vaccines based on the patented Lysosomal Associated Membrane Protein Technology	15010 Broschart Road, Suite 250	(866) 515-9484	www.immunomix.com
Innovative Biosensors, Inc.	R&D Services	Develops and manufactures rapid testing systems comprised of biosensors for the detection of pathogens.	15601 Crabbs Branch Way	(301) 738-0604	www.innovativebiosensors.com
Institute for Bioscience and Biotechnology Research (IBBR)	Academic	Mission is to leverage collective research strengths of the partnering institutions in medicine, biosciences, technology, quantitative sciences and engineering and to serve the expanding economic base of biosciences and technology in the state of Maryland and the Nation.	9600 Gudelsky Drive	(240) 777-0311	www.ibbr.umd.edu
IQ Solutions, Inc.	Professional Services	Specializing in communications and health information technology.	11300 Rockville Pike, Suite 901	(301) 984-1471	www.iqsolutions.com
J Craig Venter Institute	Nonprofit	Dedicated to the advancement of the science of genomics; the understanding of its implications for society; and communication of those results to the scientific community, the public, and policymakers.	9704 Medical Drive	(301) 795-7000	www.jcvi.org
JMEA Corporation	Medical Technology	Development and commercialization of orthopedic implants in the spine, sports medicine, knee arthroplasty, and bone fixation technology areas.	157171 Crabbs Branch Way, Suite 288	(301) 838-8568	www.jmea.com

Company Name	Company Focus	Description	Address	Phone	Website
Johns Hopkins University Montgomery County Campus	Academic	The campus supports more than 4,000 part-time graduate students and 27 stand-alone companies, research centers and non-profit organizations. The campus offers part-time graduate courses in several disciplines, including engineering, education, business, and biotechnology.	9601 Medical Center Drive	(301) 294-7000	www.mcc.jhu.edu
KAI Research, Inc.	Contract Research Organization	Provides Clinical Studies Support, Clinical Data Management and Pharmacovigilance services to the pharmaceutical, biotech and academic institutions and the National Institutes of Health (NIH).	11300 Rockville Pike, Suite 500	(301) 770-2730	www.kai-research.com
Keygene Inc.	AgBio	Provides services such as contract research, partnerships and molecular genetic services to its partners and customers in the plant breeding industry. KeyGene delivers novel enabling technologies and applications to support companies and institutes.	9600 Gudelsky Drive	(240) 314-7400	www.keygene.com
KNG Health Consulting LLC	Professional Services	A health economics and policy consulting company assisting clients across all sectors of the healthcare industry.	15245 Shady Grove Road, Suite 365	(240) 403-0154	www.knghealth.com
LAE Biotech International	R&D Services	Develops and manufactures new affinity purified proteins and highly specific antibodies involved in detecting Sumoylation activity in vitro	P.O. Box 1868, Rockville, MD 20849	(301) 943-9680	www.laebio.com
Lash Group	Professional Services	The company is a provider of pre and post commercialization support services to the biopharmaceutical, device, diagnostic and vaccine manufacturing communities.	9717 Key West Avenue	(888) 843-7226	www.lashgorup.com
M-3 Information, LLC	Health IT	Provides primary/specialty & behavioral health care organizations with a secured mobile and web-based behavioral health assessment tool.	155 Gibbs Street, Suite 522	(301) 444-4400	www.m3information.com
Macrogen USA	R&D Services	Leading provider of high quality sequencing services including whole genome sequencing, BAC End & cDNA sequencing to customers worldwide.	1330 Piccard Drive, Suite 205	(301) 251-1007	www.macrogenusa.com
Macrogenics, Inc.	Therapeutics and Diagnostics	Focused on applying its world-class antibody capabilities to discover, develop, and deliver to patients novel biologics for the treatment of cancer, autoimmune disease, and infectious diseases.	9640 Medical Center Drive	(301) 251-5172	www.macrogenics.com
Magnifygen, Inc.	Therapeutics and Diagnostics	Develops ROR I-targeting immunotoxins for treatment of various cancer types, with a focus on Triple negative breast cancer or TNBC.	22 Baltimore Road	(203) 499-8119	www.magnifygen.com
Maxim Groups	Contract Manufacturing and Research Organization	Composed of Maxim Biotech Inc. (R&D custom services) and Maxim BioMedical (contract manufacturer and more)	1500 East Gude Drive	(301) 217-0639	www.maximbio.com
MdBio Foundation	Nonprofit	Is a private charitable organization that provides and supports bioscience awareness, education and workforce development in the state of Maryland.	9210 Corporate Boulevard	(240) 243-4026	www.mdbiofoundation.org
Media Cybernetics, Inc.	Health IT	Develops image analysis and processing software used in scientific industries and applications such as cell biology, forensics, neuroscience, and more.	401 North Washington Street, Suite 350	(301) 495-3305	www.mediacy.com
MEDIPOST America	Therapeutics and Diagnostics	Focused on providing novel therapeutics for patients using allogeneic Umbilical Cord Blood-derived Stem Cells for Osteoarthritis (OA), Broncho-pulmonary Dysplasia (BPD) and Alzheimer's Disease (AD).	9605 Medical Center Drive, Suite 109	(301) 605-1087	www.medipostamerica.com
MELE Associates	Professional Services	Provide IT services for a variety of industries, including health information.	11 Taft Court	(240) 453-6990	www.meleassociates.com

Company Name	Company Focus	Description	Address	Phone	Website
Meso Scale Discovery	R&D Services	Develops, manufactures, and markets instruments and assays for array-based biological measurements for research use in life sciences and for biodefense applications.	1601 Research Boulevard	(240) 314-2600	www.mesoscale.com
Mirari Biosciences, Inc.	R&D Services	Developing platform biotechnology dedicated to streamlining Life Sciences R&D, Clinical Diagnostics, and other areas through the invention of valuable new molecular detection technologies.	9610 Medical Center Drive, Suite 240	(240) 447-6456	www.miraribiosciences.com
MMG	Professional Services	Specializing in patient recruitment for clinical research trials. MMG engages patients and healthcare providers to accelerate enrollment of participants at research study centers conducting clinical trials around the world.	700 King Farm, Suite 500	(301) 348-1652	www.mmgt.com
Mockv Solutions, LLC	Manufacturer & Supplier	Developing novel viral clearance kits to be utilized during process development bio therapeutics	22 Baltimore Road	(301) 412-2112	www.mockvsolutions.com
N&N Scientific	Pharma	Develops therapeutics for infectious diseases and cancer through the commercialization of a broadly licensed technology portfolio through the pre-clinical and clinical stages	2400 Research Boulevard, Suite 310	(301) 250-7573	-
NanoRods, LLC	R&D Services	Develops enabler nanotechnologies for targeted cancer therapeutics, diagnosis and sensing. The company manufactures and provides highly-functionalized nanorods for next generation optically active materials with application in healthcare, coating and sensing	12111 Parklawn Drive, Suite 106	(240) 343-4653	www.goldnrs.com
NeoImmuneTech, Inc.	Therapeutics and Diagnostics	Specialize in (I) immune-based long-acting protein drugs utilizing the hyFc platform technology, and (II) immunotherapeutic vaccines, especially therapeutic DNA vaccines and immunotherapeutic Cell vaccines.	2200 Research Boulevard, Suite 550	(240) 801-9067	www.neoimmunetech.com
Omnia Biologics, Inc.	Contract Manufacturing Organization	Offers an array of manufacturing and process development services for companies engaged in the development of novel biologics.	12111 Parklawn Drive	(301) 984-5928	www.omniabiologics.com
OmniArray Biotechnology, LLC	R&D Services	Focused on using immuno-proteomic technologies for novel biomarker discovery and development of diagnostics	15601 Crabbs Branch Way	(240) 454-6130	-
OncoImmune	Therapeutics and Diagnostics	Develops therapeutics for inflammation, cancer, and autoimmune diseases	12111 Parklawn Drive, Suite 107	(301) 557-9119	www.oncoimmune.com
OncoPlex Diagnostics	R&D Services	A CLIA-certified cancer diagnostics laboratory providing clinical proteomics supporting personalized patient care	9620 Medical Center Drive, Suite 100	(301) 977-3654	www.oncoplexdx.com
Opticul Diagnostics, Inc.	R&D Services	An in-vitro diagnostics device company targeting clinical laboratory and point of care (POC) microorganism identification without the use of reagents.	9601 Medical Center Drive, Suite 113A	(240) 487-7462	www.opticuldiagnostics.com
OriGene Technologies, Inc.	R&D Services	Develops gene centric products and services for pharmaceutical, biotechnology, and academic research applications.	9620 Medical Center Drive, Suite 200	(301) 340-3188	www.origene.com
Otsuka America Pharmaceutical, Inc.	Pharma	Responsible for all pharmaceutical and medical device commercial activities in North America. The company focuses on Neuroscience, Hospital, Oncology and Medical Device marketplaces.	9900 Medical Center Drive	(301) 990-0030	www.otsuka-us.com
Otsuka Maryland Medical Laboratories, Inc.	Pharma	A research center that investigates pharmacological compounds in oncology.	2440 Research Boulevard	(301) 424-9055	www.otsuka-us.com
Perceptive Navigation, LLC	Medical Technology	Working to design, develop, and market medical devices related to image-guided, minimally-invasive markets related to cardiology, radiology, pulmonology, and urology.	9601 Medical Center Drive	(301) 825-9021	www.perceptivenavigation.com
PlantVax, Inc.	Therapeutics and Diagnostics	Develops and commercializes discoveries made for the pre- and post-exposure treatments for nerve agent exposure and treatment.	9430 Key West Avenue, Suite 120	(240) 453-6247	www.procellcorp.com

Company Name	Company Focus	Description	Address	Phone	Website
Potomac Affinity Proteins	Therapeutics and Diagnostics	Currently developing proteases for use in life science research, in medical diagnostics, in biodefense, and in therapeutics.	9601 Medical Center Drive, Suite 330	(240) 399-4445	www.potomac-affinity-proteins.com
Potomac Labs, LLC	Supplier	Premiere provider of advanced instrument processing solutions	199 East Montgomery Avenue, Suite 100	(301) 825-2831	www.potomaclabs.com
PPD, Rockville	Contract Research Organization	A global CRO providing discovery, development and post-approval services as well as compound partnering programs.	2400 Research Boulevard, Suite 200	(301) 795-2600	www.ppd.com
Precision Biologics Science & Research Facility	Therapeutics and Diagnostics	A clinical stage biotechnology corporation focused on developing therapeutic and diagnostic products for the early detection and treatment of cancer.	11300 Rockville Pike, Suite 1140	(301) 917-6890	www.precision-biologics.com
ProMetic BioSciences Ltd	Therapeutics and Diagnostics	Develops novel therapeutics products targeting unmet medical needs in the field of fibrosis, anemia, neutropenia, cancer, and autoimmune disease/inflammation.	1330 Piccard Drive, Suite 201	(301) 917-6320	www.prometic.com
Protein One	R&D Services	Delivers purified, biologically active proteins to research labs, medical institutions, and pharmaceutical companies.	15601 Crabbs Branch Way	(301) 738-0782	www.proteinone.com
Protein Potential, LLC	R&D Services	Provides high quality, purified Protein Potential™ recombinant proteins and DNA plasmids for research and development	9800 Medical Center Drive, Suite A209	(301) 576-3060	www.proteinpotential.com
Quintiles Transnational Inc.	R&D Services	A bio pharmaceutical services company offering clinical, commercial, consulting and capital solutions worldwide. The company helps biopharmaceutical companies develop and commercialize products.	1801 Rockville Pike, Suite 300	(301) 530-9222	www.quintiles.com
R.P. Chiacchierini & Associates	Professional Services	Provides statistical and regulatory consulting services to sponsors of medical device and biologic products.	15825 Shady Grove Road, Suite 130	(240) 683-3738	www.rpciconsulting.com
Radiation Control Technologies Inc.	Therapeutics and Diagnostics	Commercializing breakthrough technology, recognized by the NIH for the treatment and prevention of injury due to radiation therapy of cancer and as a medical countermeasure (MCM) to treat acute radiation sickness for the war fighter and civilian homeland security markets.	9430 Key West Avenue	(703) 795-7622	www.radiationcontroltechnologies.com
Raland Technologies	Professional Services	A technology company focused on research, design and professional services to the Biotech, Medical Device, Pharmaceutical and Energy Industries.	2275 Research Boulevard, Suite 500	(877) 972-5263	www.raland.com
Regenerx	Therapeutics and Diagnostics	A clinical stage biopharmaceutical company developing products in the fields of ophthalmology, cardiology, neurology, and dermatology. They have licensed certain of product candidates in the EU, China, and Korea.	15425 Shady Grove Road, Suite 470	(308) 208-9191	www.regenerx.com
REGENXBIO Inc.	Therapeutics and Diagnostics	Develops life-changing gene therapy treatments for lysosomal storage disorders and ocular diseases.	9712 Medical Center Drive, Suite 100	(240) 552-8181	www.regenxbio.com
Research Scientific Services, LLC	Professional Services	Provides service and specialized support for Micromass/Waters and ABI/Sciex mass spectrometers.	966 Hungerford Avenue, Suite 9B	(800) 676-1991	www.resci.com
ReveraGen BioPharma, Inc.	Therapeutics and Diagnostics	A biopharmaceutical company engaged in the discovery, development and commercialization of proprietary, small molecule therapeutic products for the treatment of neuromuscular diseases, particularly muscular dystrophy.	155 Gibbs Street	(240) 401-9434	www.reveragen.com
Rexahn Pharmaceuticals, Inc.	Therapeutics and Diagnostics	A clinical stage biopharmaceutical company focused on developing best-in-class therapeutics for the treatment of cancer. Rexahn currently has three clinical stage oncology candidates and a pipeline of preclinical compounds to treat multiple types of cancer.	15245 Shady Grove Road, Suite 455	(240) 268-5300	www.rexahn.com

Company Name	Company Focus	Description	Address	Phone	Website
RRD International, LLC	Professional Services	Delivers tactical, regulatory-driven product development support to biotechnology, pharmaceutical, and medical device companies as well as investors in life sciences.	7361 Calhoun Place, Suite 510	(301) 762-6100	www.rrdintl.com
RX Biosciences	R&D Services	A genomic research company designing and developing technologies and providing services for the identification and mapping of novel genes.	1151 Taft Street, Suite 2	(301) 762-1146	www.rxbiosciences.com
Sanaria Inc.	Therapeutics and Diagnostics	A biotechnology company dedicated to the production of a vaccine protective against malaria caused by the pathogen Plasmodium falciparum.	9800 Medical Center Drive, Suite A209	(301) 770-3222	www.sanaria.com
Sanofi Pasteur Acambis Campus	Therapeutics and Diagnostics	A global company that provides more than one billion doses of vaccines each year protecting against 20 infectious diseases.	9920 Medical Center Drive	(240) 453-2211	www.sanofipasteur.us
Sequella, Inc.	Therapeutics and Diagnostics	A clinical stage anti-infectives company focused on discovering, developing, and commercializing treatments for serious infectious diseases.	9610 Medical Center Drive, Suite 200	(301) 762-7776	www.sequella.com
Shuttle Pharmaceuticals, LLC	Therapeutics and Diagnostics	Developing radiation sensitizers and normal tissue protectors to improve cancer treatment.	1 Research Court, Suite 450	(240) 403-4212	www.shuttlepharma.com
Sigmovir Biosystems, Inc.	R&D Services	Specializes in the cotton rat model of human infectious diseases.	9610 Medical Center Drive, Suite 100	(301) 294-8629	www.sigmovir.com
Signal Processing, Inc.	R&D Services	Performs research and development leading to product development, licensing and other commercial relationships in a variety of areas including chemical and biological agent detection and multimodal biometrics.	9601 Medical Center Drive, Suite 100	(240) 207-2311	www.signalpro.net
STB Lifesaving Technologies, Inc.	Medical Technology	A pre-clinical stage, biotechnology development company, focused on developing products to stop bleeding in trauma and surgical settings.	15601 Crabbs Branch Way	(301) 738-0425	www.stblifesaving.com
Sucampo Pharmaceuticals, Inc.	Pharma	Focused on the development and commercialization of medicines that meet the unmet medical needs of patients worldwide. Sucampo has one marketed product and a pipeline of drug candidates in clinical development.	805 King Farm Boulevard, Suite 550	(301) 961-3400	www.sucampo.com
Sunascen Therapeutics LLC	Therapeutics and Diagnostics	The company specialty, and primary focus is developing and promoting superior quality products suited to improve and protect the public's health. The company is currently registered with the FDA as a drug firm.	1 Research Court, Suite 450	(240) 403-2614	www.sunascen.com
Supernus Pharmaceuticals, Inc.	Pharma	A pharmaceutical company focused on developing and commercializing products for the treatment of central nervous system (CNS) disorder.	1550 East Gude Drive	(301) 838-2500	www.supernus.com
SynAm Vaccine	Therapeutics and Diagnostics	Developing universal vaccines for the prevention and treatment of pneumococcal diseases.	9700 Great Seneca Highway	(301) 541-3688	www.synamvaccine.com
SynPhaGen, LLC	Therapeutics and Diagnostics	Focused on gene therapy for the microbiome with technology comprised of a tunable delivery system that encodes for therapeutic nucleic acids.	9430 Key West Ave	(240) 678-0273	www.synphagen.com
Synthetic Biologics, Inc.	Therapeutics and Diagnostics	A microbiome-focused, clinical-stage company developing therapeutics to protect the microbiome while targeting pathogen-specific diseases.	9605 Medical Center Drive, Suite 270	(734) 332-7800	www.syntheticbiologics.com
TCS Associates	Health IT	Offers a line of disability and accessibility services in three convenient areas of focus - Assistive Technology, Interpreting, and Speech Recognition.	7361 Calhoun Place, Suite 340	(240) 428-1820	www.tcsassociates.com
Tech Council of MD	Other	Maryland's largest technology/biotech membership organization	9210 Corporate Boulevard, Suite 470	(240) 243-4026	www.techcouncilmd.com
Tethys Research, LLC	R&D Services	Develops technology and utilizes it under contract or in partnership with other organizations that produce and market chemical products and processes.	1700 Rockville Pike, Suite 400	(301) 941-1994	www.tethysresearch.com

**Biotech, Medical Technology, and Health IT Companies in Rockville, MD
December 2015**

Company Name	Company Focus	Description	Address	Phone	Website
Tetracore	R&D Services	A biotechnology R&D organization that develops highly innovative diagnostic reagents and assays for infectious diseases and biological warfare threat agents.	9901 Belward Campus Drive, Suite 300	(240) 268-5400	www.tetracore.com
The EMMES Corporation	Professional Services	Partner to clinicians, scientists and program leaders through a full range of Contract Research Organization expertise necessary to conduct clinical research.	401 N. Washington Street, Suite 700	(301) 251-1161	www.emmes.com
Therabon Therapeutics	Therapeutics and Diagnostics	Developing a new class of drugs from the secretoglobin family of proteins.	9430 Key West Avenue, Suite 150	(240) 205-7271	www.therabon.com
Theranostics Health, Inc.	R&D Services	Provides oncologists proteomic-based molecular diagnostic assays that enable more informed therapeutic decisions. The company's ground-breaking technology supports the customization of therapies based upon the unique molecular portrait of a patient's tumor.	15010 Broschart Road, Suite 200	(301) 251-4443	www.theranosticshealth.com
TissueGene, Inc.	Therapeutics and Diagnostics	A biopharmaceutical company focused on developing regenerative therapies for the treatment of various orthopedic disorders.	9605 Medical Center Drive, Suite 200	(301) 921-6000	www.tissuegene.com
TopAlliance Biosciences, Inc.	Therapeutics and Diagnostics	A biotech company focusing on drug discovery and development targeting human immune regulatory pathways for the treatment of cancer and autoimmune diseases.	9430 Key West Avenue, Suite 125	(301) 640-5166	www.topalliancebio.com
Tousimis Research Corporation	Supplier	Provider of research chemicals, supplies, accessories, and instruments for the electron microscopy and analysis laboratory.	2211 Lewis Avenue	(301) 881-2450	www.tousimis.com
Trophogen, Inc.	Therapeutics and Diagnostics	A biotechnology company focusing on the development of high affinity glycoprotein hormone and related growth factor analogs for human and animal infertility..	9714 Medical Center Drive, Suite 1114	(301) 838-1935	www.trophogen.com
TruBios, Inc.	R&D Services	The only fully integrated US-based biotechnology services group focused on the Latin American region offering customized clinical research and commercialization solutions.	9601 Medical Center Drive, Suite 105	(301) 917-6850	www.trubios.com
United States Diagnostic Standards	Other	A global medical science company that performs independent evidence-based assessments of medical products to support regulatory submissions, reimbursement and market access.	9712 Medical Center Drive, Suite 100	(301) 741-4110	www.dxstandards.com
United States Pharmacopeial Convention	Nonprofit	A scientific nonprofit organization that sets standards for the identity, strength, quality, and purity of medicines, food ingredients, and dietary supplements manufactured, distributed and consumed worldwide.	12601 Twinbrook Parkway	(301) 881-0666	www.usp.org
US Biomax, Inc.	R&D Services	A primary provider of human tissue microarray products and related services.	966 Hungerford Drive, Suite 14A	(240) 297-4708	www.biomax.us
Westat, Inc.	Contract Research Organization	Affers clients broad expertise in Research Design & Analysis Evaluation , Data Collection & Management, Strategic Communications, Information Systems.	1600 Research Boulevard	(301) 251-1500	www.westat.com
Z-BioMed Inc.	R&D Services	A biotech company engaged in conducting innovative research and product development in the area of infectious diseases such as influenza and TB.	15725 Crabbs Branch Way	(301) 258-8968	www.zbiomed.com
