

Rockville *Works* for me

"Bertin Corp. launched in Rockville for access to large research centers (NIH and John Hopkins), US Defense decision centers, and multiple airports for international business trips."

Bertin Corp., Bertin's US subsidiary, offers a diverse product portfolio dedicated to innovative measurement and sampling for key worldwide markets including Lab Equipment (sample preparation, air sampler, cell imaging), Nuclear (radon and environmental radiation monitoring), and Defense, Security & Safety (gas detection, optonics).
